

I-PROTECT

DIGITAL RESEARCH CENTER OF SFAQ

23-24-25-26 DEC, 2022

General Chair

Maha Charfeddine (Assistant Professor ENIS)

Honorary Chairs:

Habib M. Kammoun (IEEE Tunisia Section Chair-Elect, Assistant Professor FSS)

Boudour Ammar (Assistant Professor ENIS)

Workshop Chairs:

Faten Chaabene (Doctor, Sfax University)

Sahar Cherif (Doctor, Sfax University)

Ghada Feki (Doctor, Sfax University)

Organizing committee:

Rahma Fourati (Doctor, Sfax University)

Mayssa Frikha (Doctor, Sfax University)

Nesrine Tarhouni (Doctor, ENIS)

Salma Masmoudi (Doctor, ENIS)

Leila Bayoudhi (Doctor, Sfax University)

Mohamed Ben Amor (Master, FSS)

Yassine Masmoudi (Master, FSEG)

Assil Bouaziz (Student, ENIS)

Ibrahim Ben Lakhel (Student, ENIS)

Dhia Mejdi (Student, ENIS)

Informations:

Website: <https://iprotect.ieee.tn/>

E-mail : iprotect@ieee.tn

Phone : (+216) 23 925 709

Registration form:

Junior: 60 TND

Academic: 238 TND

Industrial: 500 TND

Student: Up to 75% reduction of academic inscription fee

With four free cybersecurity trainings organized by IEEE Tunisia section as preparation to the event

Registration deadline: 10/12/2022

Payment to: IEEE Tunisia Section

M.F.: 1496298 T P N 000

Bank: BIAT

RIB: 0830 4000 3520 0875 0782

Call for Participation

I-PROTECT is an annual workshop where students, researchers and academics from several Tunisian public and private universities and industrials, gather together to learn more about the latest trends of cyber-security.

I-PROTECT v5 is organized by IEEE Tunisia Section, IEEE ENIS SB, IEEE Cyber Security Unit of ENIS, IEEE Computational Intelligence Society, Association for Scientific Research and Innovation in Computer Science ARSII-Sfax, Digital Research Center of Sfax CRNS, University of Sfax, National Agency for IT Security ANSI-tunCERT, Research Groups on Intelligent Machines Laboratory REGIM-Lab and Djagora Foundation, from December 23 to 26, 2022 in the Digital Research Center of Sfax, Tunisia.

The purpose of the 5th I-PROTECT edition is to practice offensive and defensive virtual competitions that use relevant tools and scenarios allowing participants to learn several cyber-security skills.

The program will include technical, professional and educational activities presented by highly qualified speakers.

I-PROTECT v5 training organizations

RAISEGUARD

tuncert

Junior training

During this 5th I-PROTECT edition, juniors will also raise awareness and train in cybersecurity

Stay tuned, there is a surprise for participants!
